- Effective Communication
- Proficient in Self-Management
- Familiar with Java
- Familiar with Scheme
- Willingness to learn
- Adaptability
- Teamwork
- Excellent Customer Service
- Familiar with x86 assembly
- SQL familiarity

EXPERIENCE

AUGUST 2017 – PRESENT

CASHIER, H-E-B

- Provides excellent customer service and hospitality to many customers from a variety of customers.

- Accurately checked around 80-100 guests per shift, averaging a scanning rate of their items at 34 to 36 per minute.
- I was promoted to self-checkout, where I would watch four or more registers, troubleshooting any problems that may occur within the register itself.
- Helped five coworkers in increasing their items per minute, as well as helping them with any questions they had concerning the register and point of sale.
- Was tasked with high sight where I provided hospitality by helping the customers find a shorter line and increased productivity and speed of their transaction
- Guests often complimented me on the speed and accuracy of each transaction as well as the hospitality I showed throughout their order.

AUGUST 2016 – OCTOBER 2016

CASHIER, FREDDY'S FROZEN CUSTARD AND STEAKBURGERS

- In this work environment, I was tasked with multitasking between running the front of the store and taking orders on the drive thru.
- Accelerated responsibilities such as training another member of the crew and running the drive-thru within two weeks of working.
- Kept the dining area clean along with the custard and front counter without missing a beat in greeting the customers and providing excellent customer service by taking their orders in a timely matter.
- Made custard, shake, and other ice cream orders within a minute of the order

ACTIVITIES

Organizations:

- Bobcat Build, Committee Member, Fall 2018 – Spring 2019
 - Helped plan the biggest volunteer event at Texas State University.
- Phi Theta Kappa, general member, Spring 2020
- Phi Sigma Rho, Member, Fall 2020 – Fall 2022
 - Phi Sigma Rho is a social engineering sorority whose goal is to support the personal, professional, and academic success for women in engineering while maintaining a social balance.
 - Standards Board 2020-2021 School year
 - Director of Outreach 2021-2022 School year
 - Plans and speaks with other organizations, such as dream girls and Girl scouts to plan events to help promote women going into S.T.E.M
